White Ferrero Rocher Easter Roses

Here's a beautiful and creative DIY idea to decorate your home this Spring.

Trace this pattern on a sheet of white construction paper and cut. You will have a circle and a "necklace" design. Turn the "necklace" into a spiral.

Curl the paper into a neat coil.

Place the circle on top of the coil.

You can fix the circle on top with glue.

Then, turn the rose over.

Place a Ferrero Rocher inside each rose.
